 Scan. Fax.**

The Phaser 3200MFP delivers.

Improve your image

- Text and graphics are crisp and clear, adding visual impact to important office print jobs.
- PostScript® 3™ emulation* and PCL® 6 ensure your print jobs are consistently accurate.

Empower yourself

- A space-saving footprint makes it easy to place within quick reach of a single user or small workgroup.
- The 300 MHz processor and 64 MB of memory deliver the muscle to handle a demanding workload.
- Convenient copy features like ID card copy and 25%—400% reduce/enlarge give you more handy options.
- Powerful fax capabilities include PC Fax, which allows convenient paperless faxing right from your desk.

Be effective

- Network connectivity* lets everyone in your office share the powerful multifunction capabilities.
- Scan documents — even color — directly to your PC, where they can be edited, archived and emailed.
- The Fax Secure Receive feature gives you peace of mind when receiving sensitive documents. You can also fax-forward received faxes via email.*
- Use CentreWare® IS*, an embedded web server, for easy device management on the network.
- A print and copy speed of 24 ppm gets more work done faster.

*Available on N configuration
